Thessalonike 54622
Greece

Dear Mr. Lamb -

I've started quite a number
of letters to you but never
mailed. This time - here goes!

Cannot C-Span (worldnet)
or what have you arrange
that C-Span be aired in
Greece seven (7-days a wk)
Your live programs are "so
uninnovative and truthful"
as stated by many persons
living in Thessalonike who
now feel they're approached
as learned people and not
under-developed human beings.
The second language in this
country is English.
C-Span can aid these

People who have become
aware of the inner-
workings of the world's
civil and political problems.
I can state that in the seven
years I've been here since
CNN+C-Span aired into
this country - the Hellenes
are truly friendlier in
their feelings and show a
concerned understanding
of peoples per se.

I promised myself
that I'd express the above
as I've lived it to you and
perhaps a further opening
can be brought forth for
truly thirsty people -
Thank you! Always,

I'll be going home to [redacted]
California in 2 1/2 yrs - so good luck!!!!
