Dear Mr. Lamb:

I wish you were on the plane ride with us on the way home from Washington D.C.! If you could have heard the excitement and joy expressed by my [REDACTED] students, C-SPAN would have to conclude that the best group access they have ever granted was to the Close Up Foundation.

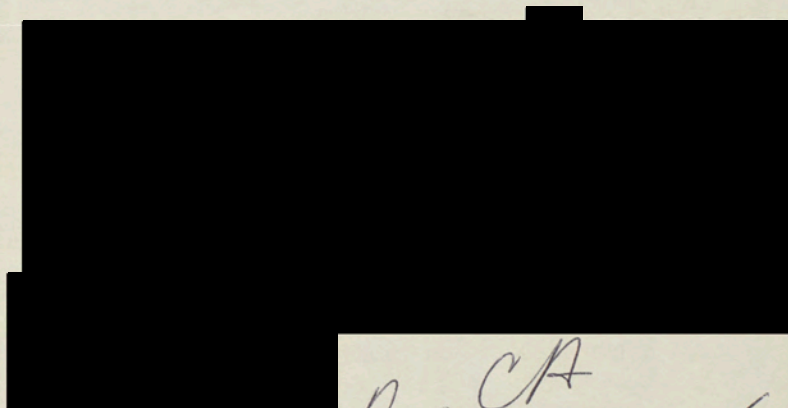

We have recently returned from our second stay with Close Up. It was even better than the first. I can honestly say it was the most powerful learning experience with young people I've ever witnessed. My students came back changed, and they will take that knowledge and power back into the schools and into the community.

It is only because of your generosity that Close Up can continue to provide the experiences and program offerings that they do. I suppose that all D.C. organizations and companies are making difficult decisions concerning their limited accessibility. I am writing to encourage you to keep the Close Up Foundation at the top of your list.

I want to thank you for helping my students enjoy the learning experience of a lifetime.

Warmest wishes,
