C-Span
400 N. Capitol Street,
Suite 650
Washington, D.C. 20001

We are making an effort to persuade our small
Cable franchise in this area to carry channels
C-Span and C-Span-2.

If there is any advice or information you
can give us to help in our effort we would
be very grateful.

Any information regarding possible finances
involved would be very helpful.

Thanks for any assistance you can give,
