Dear Brian, et al -

Kudos for THE BEST Show in
a Dog's Age. 7-10 am today was terrific!
Am a constant viewer but don't especially
like the newer setup with one individual
in the second segment - Too long to love
or hate an individual, or their views.

Saw the Bus 2 years ago in Goldsboro NC -
Dropped cable after they threatened to drop you - went to
a Dish - no more aggravation -

Keep on Keeping on - terrific programming.
