

It has to be a "no news" day when C-SPAN
Stoops to showing "Roasts" of Mike wall-
ace & Sam Donaldson on C-SPAN, the net-
work of political record, what has the showing
of these sad, redundant, predictable, insider,
inbred flukes have to do with anything? C-SPAN
is wonderful when it shows congress, history,
in depth coverage of Vietnam, E. Germany, etc,
but at it's worst when it shows the media
elite trading insults and inanities over dinner.
Please do not turn into the network of records
for media elite liberals! There is no way to
balance this waste of air time because the
serious news reporters wouldn't be caught
dead at such a sappy event! Other than these
insult events, C-SPAN does marvelously informa-
tive and enlightening things. We don't need these
foolish frolics to learn how Washington works!
