Dear C-Span -

Am a very devoted and grateful fan of your programming and ethical goals of bringing honest, balanced information to us, it is a real privilege to get one of your stations.

Do so try to get C-Span II but to no avail. Have heard Brian's assurance from TCI (my cable station) that we would rec. it in two years - do so hope he is not being mislead.

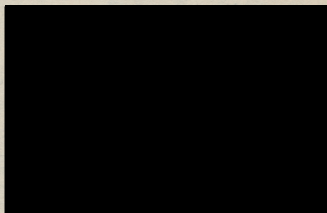

Our local mgr. who is a grand person has heard nothing from the home office that even holds out the hope. So - would you please consider re-running tapes of tax bill coming up this week in the Senate weekends or anytime you can, so that we single station viewers can follow the action? The most far reaching legislation is coming up and the only real debate and changes will have to come in the Senate, since the house is rubberstamping everything so far!

Thanks for reading this - and please don't shut us out.. Oh yes this a.m. on call-in moderator asked opinion

of journalists about your new plan which started yesterday, June 6 , carrying political campaigning for Presidential elections - to me this is a real downer, turns so many off and really feel may be contributing to "jaded" and cynical turn-off of many of my friends.

Thanks again for what you do for us -
