Mr. Lamb:

Since you do what the Conservatives tell you to do, i.e., this a.m. you immediately put the conservative line on top, why don't you make them really happy and do this:

- #1 Conservative Line
- #2 Same
- #3 Same

We Liberals very seldom call
now listen to Washington Journal
because we Liberals tend to be
happy people and don't
need all of these negative
people in our life. Sorry
your program has become
so negative!

Since Bush
will be the next President, who
over

will your Conservative callers ridicule?

Life is too short to be
unhappy - so we Liberals must
go elsewhere. We watch perhaps
once every other week to see
who is on your ridicule list.

Sorry the Conservatives have
taken over all of your lines -
especially the moderate line!
