Sirs,  
Not a day goes by that I do not thank  
God and the Cable Companies for C-Span.  
It does + I hope will continue to keep  
caring Americans aware of how our  
beloved Country is being managed  
and our freedoms preserved.

How in the name of God and all  
that is sacred to humanity can you dare  
to have this sick example of "Hard Copy"  
journalism and Eugene McCarthyism  
on your highly respected channel. I do  
not understand it. After having seen the  
American Spectator editorial board meeting  
you should have considered the source  
that spawned David Brock and squelched  
his ravings + not have given him  
the dignity that C-Span lends.

2/ I have the deepest respect for  
Brian Lamb + believe he deserves  
our nation's highest honors for his  
work with C-Span + all of the other  
anchor persons follow his example  
including Connie Brad. Why she was  
put in the position of anchoring the  
David Brock debacle I don't understand!

Your producers should use care  
in attempting to produce timely guests  
and know who they are dignifying  
with C-Span appearances.

Thank you again, all of you, for  
C-Span and I'll continue to watch  
all you produce + forgive you for an  
occasional mistake such as David Brock

Merry Christmas + Continued Success  
in 1994.

Sincerely,
