Bill Welch, a very liberal
partisan Dem Jr., is one of a
long line of Liberal Journalists
you have on every morning to start
Wash. Jr. which shows which side
you are on. The Whining liberals
who call in, are allowed to go on &
on bashing the Repub. But, you
cut off any Repub. if you don't
like what he's saying. You
have done nothing but bash
Gingrich for the past few weeks
but where is the outrage against
Clinton & his Adm. (Clinton needs
psychiatric help). You say only 14%
of the people like Gingrich. You
know very well you can get a poll
to say anything you want it to
say. You are appealing to the
"political" people who don't listen
& know what is really going on.
You are doing a great disservice to
the Democratic process. Of the Liberals
would learn to tell the truth, it would
help - but then they've had 40 yrs.
to perfect their "lying machine" & know
how to cover their tracks. over
