LETTER TO THE EDITOR

I, and many other Americans, are far more "eligible" to receive a New York ticker-tape parade, and be "honored" by a special joint session of Congress, than NELSON-WINNIE MANDELA of South Africa.

Our honorable active military service during WWII, and the Korean-Vietnam conflicts, FAR SURPASSES any "honorable" qualifications that WINNIE-NELSON MANDELA may possibly possess.

We DID NOT fight for a deceitful Marx-Lenin socialist organization, such as the African National Congress (ANC). We did not support a hypocritical political movement that "cries freedom" while "enslaving" their own dissidents in secret "labor camps", where forced labor, beatings, torture and murder were sanctioned by ANC leadership.

We did not support violent revolutionary tactics (barbecuing live humans) for the primary purpose of gaining POWER over a relatively advanced self-sufficient nation and/or POWER over all the "tribes" of a country.

NELSON-WINNIE MANDELA are leaders of the ANC, and "fully supports violence" in order to attain their socialist goals. Also, their basic support comes from anti-American totalitarian socialist black governments and the South Africa Communist Party (SACP). Remember Rhodesia's power sharing experiment?

GOD help all the naive' "gullible" Americans who applaud and cheer the MANDELA's on 20 JUNE 1990.

MINORITY WHIP, House of Representatives
2438 Rayburn House Office Building
Washington, D. C. 20515

Dear Congressman & Minority Whip Gingrich:

NELSON-WINNIE MANDELA's scheduled NY ticker-tape parade, and his appearance before a joint session of Congress, PROVES the allegations that "my leadership" is afraid to offend or oppose the biased desires of the self-segregated Congressional Black Caucus "for fear of being labeled an un-American racist".

The UNOPPOSED recognition of NELSON-WINNIE MANDELA in a public forum which traditionally HONORS "Great Heroes" is PROFANE!

PLEASE read the enclosures -- then try to "convince yourself" that Nelson-Winnie Mandela QUALIFIES for the same "honors" as bestowed upon LINDBERGH, EISENHOWER, McARTHUR, etc., etc., etc.

Fear and emotional "moral hypocrisy" has definitely OVERCOME courageous "logical reasoning" and realities. The BLACK POWER "socialist" revolution is not necessarily limited to only South Africa.

Regretfully, just,
[REDACTED]

ENCLS.
