

Dec. 4, 1998

C-SPAN,

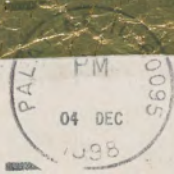

Brian Lamb did an excellent job of putting the co-authors of that politically motivated treatise "Year of the Rat" on the defensive by peppering them with questions about their backgrounds, employment, financial backers, supporters, etc., etc.

Edward Timperlake was visibly agitated by Mr. Lamb's continued focus on their "personal" biographies instead of the contents of the book.

O.WJ

Sincerely Yours

品斗
