Dear Brian Lamb.

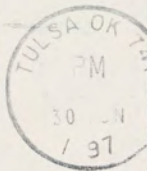

Have you ever considered appointing a different program director?

Having Gene Lyons on representing the Arkansas Democrat-Gazette seems ludicrous to me. He has always carried water for Bill Clinton and is now profited by it with the media.

Also, Gerond-Witcover would like the citizens to ignore any Clinton scandal.

I know you strive to be fair. Should you not have a talk with the program director? Respectfully,

Ponca City, OK 74604-3418

Mr. Brian Lamb
