Dear Sir -

I was one of the Atheists who wrote requesting you televise Dr. Madelyn O'Hair's speech at the Natl. Atheist Convention.

I want to thank you for having the courtesy and courage to do it.

It is so rare when we are treated as "equal" citizens, (or even as citizens.). Perhaps, we hope, your coverage will help show that we are no different than other people, except, we are free of religion.

Once again, profound "thanks!".

Most Sincerely —
