Ms Susan Kiley

Thank you for your letter of the 13<sup>th</sup> of September. I enjoy C-span very much. I only regret that our cable company will not provide a channel for C-span 2. I'm writing to make a suggestion for Brian's Booknotes program.

My suggestion is "The Trading Game," by Charles Lewis of Center for Public Integrity. It is an expose of NAFTA and Brian Lamb would be interested in it I'm sure. It tells which companies are greasing the skids in Congress and which ex-government officials are working for Mexico. It also lists 48 Congressional staffers that have accepted all expenses paid trips to Mexico. Please see if Brian would be interested.

Sincerely,

Suisun, Ca 94585
