Attention Brian Lamb;

Dear Brian:

In 1997 we were informed that Time Warner would eliminate C Span Two and would put C Span One on a channel that would cause it to end at 5:00 PM. A sports channel would then take over.

Sun City Center is made up of 15,000 retirees and C Span is part of the daily fare for many of us. There were no petitions or organized efforts but because we seemed to be sincere, individually, Time Warner gave back to us C Span One, twenty four hours a day, and C Span Two until 5:00 PM. I write this because I want to point out that sincerity of purpose still counts.

Churches take various routes to service the community. The Community Church of Sun City Center saw fit to establish a Church College with over forty courses. All of the courses are led by retirees from all walks of life. My wife and I are particularly interested in a twenty odd group round table called, News and Views. We use C Span and other publications to back up our views and would miss it, so don't leave
