I can't believe that you have been pushing Rush Limbaugh and giving him air time!

I have been listening to Mr. Limbaugh on the car radio in my travels for some time now. I also watch the TV program on occasion. I have come to the conclusion that he has gotten his following by the fact that he makes fun of people!

Many of us are repelled by this and should be. Listening to him years ago and hearing him expound the Vatican line on abortion, women should stay in their place, the church considers its women as breeders and nothing more. Man can't hurt the environment as it is God's world. He seems to think that God will come swooping out of the sky and clean the water, clean the air and replace the used oil and coal. He picked up on the Pope's objection to the use of the death penalty for people that rape and kill even nuns.

It is a shame but I have seen Rush Limbaugh before. He did not look like this Rush but he had the same mannerisms and the same following as the present Rush. You must have seen him too. You must have as there was one in every school yard.

You don't recall, well I will help you. He was that big bully and made fun of other people. No matter who you were he would find a way to make fun of you. He created a huge following of people in your school that thought that he was funny.

The school yard "Rush" made fun of that kid who wore braces and his followers just laughed and laughed the way they do today. That little girl, you remember her, the one that was blind in one eye was also a target! When he picked on her you could not stop laughing!

I know he was not today's Rush but the method was the same and the results were the same.

Mr. Limbaugh has created a following of the same people that the school yard "Rush" had.

It must be that all you have to do is make fun of people and you can draw a crowd.

I have felt embarrassed listing ^{en} to that man because it brings back cruel memories of my days in the school yard and "Rush" standing there making fun of me in front of his crowd.

What kind of mentality is required to become attracted to that school yard "Rush" or the present day Limbaugh?

The question is, are you now in the Limbaugh crowd and follow him the way you followed the school yard "Rush".
