

You liked the person who brought
up the Jennifer Flowers name
[redacted] didn't you?

To Brian Lamb,

In my opinion, you
are another one of those
vultures, who would
like ^{Pres} Bill Clinton to
fail

I think this morning's
call-in show, was
fixed, that's why
most of those who
called in, had voted
for Bush, & you loved it.
When people have

asked you, who you voted
for, you would not say.
But, as I have said
to you before, I feel, you
are a ^{rich} Republican, with
no common sense, ^{but} greed

When you speak to
people, you sound like
you are commanding.

As much as people
praise you, I prefer
the other gentlemen,
who hold a position,
such as yours.

Taking C-Span, &
House of Reps is super!
