Dear Mr. Lamb,

This morning's C-Span program with host Jim (couldn't get his last name) was the most liberally biased program I have ever seen on C-Span. It is well known that you, fairly, have speakers on both sides. Not this time! I couldn't believe that, that rude Sarah McClendon and Mel Elfin were the only ones on.

Mr. Elfin is obviously against President Bush but that obnoxiously rude Sarah, not only is an extreme liberal democrat, she also hates Pres. Bush. I could not believe the insults and accusations she made against him and the manner in which she spoke. Also, she said nothing good about any speaker at the G.O.P. convention— and especially her uncomplimentary remarks about our First Lady Barbara Bush who is the most loved woman in our country.

I wonder who made the bad decision to have that McClendon woman on your program.

Her lies and lack of courtesy and lack of character and sickening remarks were unbelievable. She did not deserve to be on C-Span. Surely there are many other women who could have been asked to appear.

Please, please never have her on C-Span again. Many Republicans as well as democrats watch C-Span. You must recognize this fact,

Sincerely

P.S. Usually you repeat this and other programs at a later time or day on C-Span I or C-Span II. I certainly hope that you, Mr. Lamb, or whoever makes such decisions will have the integrity not to repeat the above mentioned program.
