Dear Sir:

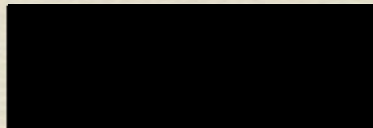

Yesterday's program was, as usual, thought-provoking and even-handed. until you felt the need to draw comparisons to the Rottweilers.

We do not need that type of notoriety and responsible people do their utmost not to pour oil on the fire. Will you please inform yourself on the subject of the Rottweilers

character? We would like you as an advocate,
rather than a purveyor of negative images.

Macmillan publishes my book "The Complete
Hottwaxers". It has sold over 85,000 copies. Maybe
you would consider purchasing it or borrowing
it from the library. I think after reading
the history of the dog you will better
understand his nature.

Sincerely yours,
