Dear Sirs:

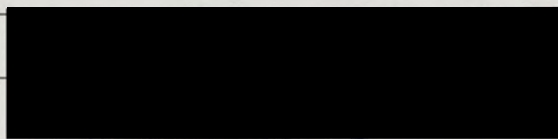

I am writing this letter to let you know how much I enjoyed your week of Talk Radio coverage. I am an avid listener to Talk Radio and it was very interesting to see behind the scenes. It would be wonderful if this were to become a regular feature on your show. One week a month; or One day a week? I almost hate to say this, but I had never tuned to C Span before. Except to pass on by it because of lack of interest. However if this were to become a regular feature, I promise, you have me as a viewer. The way I heard about

it was on the Rush Limbaugh show. It was  
very interesting hearing concerns of other cities  
throughout the U. S.

Thank You!
