Dear C. Span,

I enjoy your programs so much. Since 1987 I have become addicted to many of your programs. Your call in - shows and "Booknotes" are my favorites.

Unfortunately I have never been able to get through my call, but I'll keep trying.

Can you possibly re air the 10th anniversary of your call-in show? It was on for 7 hours, I think Mr Lamb said.

Also could you please have a show on the tobacco industry sending 10,000 packs of cigarettes to Audi Arabia on an Air Force plane? again.
