Friday's appearance of Lars Erik Nelson stating that Susan McDougal would not cooperate with Kenneth Starr because the special prosecutor wanted her to lie about the Clintons

Of course L.E.N. has absolute proof of this and his being a left wing liberal, his integrity is beyond reproach because we all know that Left wing liberals always tell the absolute truth! yeah, Right!!

In a televised interview some time ago Susan McDougal was asked "why not tell the truth and let the chips fall where they may"

Her reply "because Kenneth Starr ruined my life"

Even you Mr. Tolson can see she is in possession of ~~the~~ a truth that she will not tell.

But I respect her more than I do the weasels in the administration that say "I can't recall," "I don't remember" etc.
