Sat eve.

Dear Brian,

I turned in late to
your call-in program -
like to hear it. The
dark haired fellow
didn't seem to zero in
on real answers, a
bit shallow, or neutered.
Maybe I missed something

I will say I'm not
thrilled about Geo Bush
as a 2nd term Pres;
but the alternative
of a Bill Clinton,
with his pledge for
out and out
socialism for this
country scares
me! And of course
his slippery answers

about her draft
situation dont
add up to trust,
believe me!

Why would
people want to go
from the fry pan
into the fire!!

It will not be a way
of Clinton's want that
gives us back a growing
economy. There's wild
problems will still be
with us - this doesn't
