I heard a person Betsy Palmer  
on your program this afternoon  
Her statement about Gingrich  
speech before the N.H. legislature  
she stated the democrats walked  
out. Well 24 of them did, this is 6%  
of the whole legislature, the other  
1376 gave him a standing ovation  
Half truths is the reason this country  
is so divided.
