

NOV. 20

I am more + more displeased  
with "W. Journal" !!

① you did promist to get rid  
of #5 !! ~~DO'S~~ DO SO!

② too much focus on (1)  
issue re 1st 35-40 min - eg.  
today, wed., focus on China ✓  
Where are NEWS articles?

③ I notice Brian especially

→ OW  
R

(when news articles are read)  
does a good bit of the reading  
(+ choosing !!) - he is  
controlling too much of the drs -  
cursion -

NOT enough time for  
callers + call-ins ✓

(By the way, I hear  
familiar voices more than  
once per. mo! How come? I  
can't get thru?! } ✓

if I can spot them, why can't  
you people!!? ✓

By the way, again, if any  
other mindless caller starts  
out demonizing Dole +  
mentions his mistress,  
please BLOW them up (remote  
→)

(2)

control button! } Let me know  
their source & I'll drop a brick  
on their heads! Cut these  
dumbkops off ✓ (Ditto.

Jen F. ) ✓

What are you, Journal  
Inquirer? ✓

These garbage-mongers take  
up precious time ✓ if you  
control what's <sup>read</sup> in papers, then  
control these gossiping idiots →

④ I shut you off today at 7:45 -  
No more rep-elect, Dems + Rep. -  
I've heard it all before, espec-  
tally yesterday with rep-elect  
(Dem) from Maine - I tried to  
call, but couldn't get thru! This  
guy, I swear, must have had a  
V-Chip clone inserted into his  
brain by Dem. ~~can't~~ caucus ✓  
talk about same old rhetoric ✓  
Just unbearable ✓ "educa., the  
environ., the rich, tax cuts for  
rich, "family" agenda"!!!  
Unbelievable ✓  
I'm dying, truly dying,  
of Gore-dom - Brinkley was right ✓
