Dear Mr. Lamb.

I awaken and turn on the Washington Journal every morning I'm so grateful for its impartial conduct and important issues.

Thanks for the Presidents Series. Book-mates is a favorite. Love the simple dark background. Since I wrote to complain about the ziggy-blue background you had a decorated Washington Journal studio with. I felt it only fair to write you how delighted I am with your new one that has the wood and green trees & Capital. It is so relaxing to my nervous system. Its beautiful. When you use the studios with the book shelves behind these interviews. Its also relaxing.

Allen you and C Span have my interest gratitude and respect

Thanks You
