Brian, was a remin of the Queen
of England's birthday necessary on
our National Holiday? England has
been trying to destroy this Republic
for many decades via The RIIA & the CFR
through the Bilderbergs, that you cant
report, they've been involved in TWO
camp de Tals, Watergate and JFK.
Through Permaux. We even have
a puppet in our White House schooled
under Cecil Rhodes & O'Farrell. Rhodes
was involved with Victoria in the Killing
in the Boer War. Now they are hunting
after gold & diamonds again in Africa.
Look what they've done to my native Canada
through M16 - Conrad Black & The Profman
and Gov. Lew.
