

Your Friday 3-9-90 show was just right wing propaganda. I don't understand how you can call your station "public service" and be so UNBALANCED. You should tell people C-Span really means Conservative Span. I heard someone say that Brian Lamb was getting to be a millionaire fast - how is that.

The last caller on your Friday "Roundtable" ha-ha was correct - that you simply focus on advertising for the right wing. There are so many important issues that voters should be told about - and what do you do - discuss Quayle - (what's to discuss)???

I also heard Lamb say that hard as he tries - he just can't get any one soul to come on his station to refute, oppose, criticize, respond to or in any way give an opposing view to the Bush administration.
