

Just a note to let you know that on a daily basis - from 7 to 10, I do watch C-Span - depending on what & whom may be in focus. This does help me keep up to date on things of interest to me. Do realize that a lot of time & hard work does go into this forum, so really I just want you, Brian, and your excellent staff, to know that I do appreciate all your efforts and energy. Keep going forward with your excellent programs!
