Dear Sirs:

One of the things I appreciate about my mother was that she was "Educational." for any thing that was "Educational." While I have not been a great success in any field, my love of learning has kept my life always fresh and new.

I want to say how truly grateful I am to C-Span for bringing so much information and so many knowledgeable people into my home. My retirement years are being blessed and our Nation can only be strengthened by your programs goals.

Very truly yours,
