Dear CSPN.

My husband & I are Scottish & living here in S.C. We just wanted to congratulate your reporter Susan Swain on the professional job she did on reporting the British Politics & Elections last week on CSPN.

She is good looking, well dressed and personable. She showed interest & enthusiasm on her interviews & we felt she should be commended by her superiors. It's a nice change to see someone of her caliber instead of the "Barbie Doll" type presenters of other channels.

In conjunction with Sky TV. we enjoyed seeing the British News & reports leading up to Mr. John Major's victory as Prime Minister.

Thank you for interesting programs.
