

Dear Mr Lamb,

July 22, 1998

On week-ends you used to show
committee hearings so we may see these
hearings. Instead you show some in the
middle of nite when people are asleep.
This is not a service.

Besides this complaint, we out here
have noticed how program has become
politically correct. We have on cable a history
channel. Why have you gone into that realm
& take uptime on politics.
