

Dear C-SPAN ^{SEP 10} ^{REC'D} Tues Sept 4 9AM

It is good that you identify the location & speaker & gathering ^{at your} name C-SPAN. I just heard the caller who mistook the name CNN & called it C-SPAN, who never identifies these points enough... & then he corrected himself.

(I am writing to encourage ²⁹⁵⁶⁻⁹⁰ you to put the (date) down more frequently ^{also} even if it is an old reply.)

What a joy to hear this ^{same} caller call us a community! and what a joy for you to so graciously say that it would not be so if people like himself would not listen regularly.

I wrote you my 1st letter last week & this will be my 2nd & maybe last. I listen to you morning, noon & night. It's because I'm on vacation. YOU ARE TERRIFIC & COMPLETELY UNBIASED & VERY OPEN TO ALL & ANY POINT OF VIEW... as long as it makes sense. I hope you never give time to "nuts" or "rock music queers (sp?)" but then I suppose you might have to. I JUST NOW TURNED CASTRO OFF. I could not believe how quietly the audience sat! But then it was filmed in CUBA.

Maybe I will keep listening

to you when I go home from vacation, although I would never get my housework done. And maybe I will write again!

THIS IS HOW YOU HAVE HELPED ME IN ONLY ONE MONTH.

- 1) I took the Gulf situation more optimistically than my neighbors.
- 2) I had voted for BUSH & was extremely proud of his behavior & leadership. (HIS FISHING KEPT ME PEACEFUL)
- 3) I loved it when Powell reminded us at Indianapolis that Russia still has a great military force & not to be complacent.
- 4) Kirkpatrick reminded us that the final solutions in the MIDEAST will have to be democracies.
- 5) I wrote 2 letters & am writing more to our boys over in Arabia telling them I listen to C-SPAN day & night & I'm behind them.
- 6) LASTLY YOU & THAT LOVELY GIRL ^{SUSAN} with those big eyes ARE MY FAVORITE COMMUNICATORS IN THE TV world. YOU ARE the BEST

Thank you for
reading this letter.

I will always be
grateful to you
for this one
month of feeling
as if I was part
of the world....

and especially

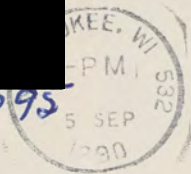

that part of the
world which is
striving to calmly
make sense of our
creatures & to

follow our

best instincts,
to insure the
~~for the~~ eventual survival of mankind.

WE MUST LOVE ONE ANOTHER.
