Dear Brian,

Please thank your scheduler for having Gene Lyons on this morning. I'll get the New Yorker. I get very weary of the "richer and richer" right-wingers constantly washing Clinton.

Frequently when I am sewing I'll turn on my radio without realizing that I'll get

Just Limbaugh at that time. So I will
listen for a short while to hear what he
has to say. Then I'll hear some C-SPAN
callers using the identical words and phrases.
It is very obvious where they are getting
their information.

No need for an answer. I know
someone there reads all your mail.

O-WJ

Thanks!
