Dear C-Span,

I want to thank you so much for the coverage of the British parliamentary elections. I especially liked the broadcast of SKY Television, from Britain. I know that it is expensive to send a satellite transmission, but quite frankly, it sure beats some of the very long, winded speeches of our legislators. I also enjoy the Russian news broadcasts you have on an infrequent basis. I do wish that you could have on a nightly basis,

news transmissions from  
France, Germany, Spain and  
Japan.

We are all interconnected  
in this global village and I  
think it is so important to  
know what is going on in the  
world.

Thank you, also for Prime  
Ministers question time weekly -  
I don't miss it!

Yours Sincerely,
