Pleasantville N. J.

Dear Sir or Ms.

Well I can't seem to get an answer from any letter I have sent but this morning I did get thru to the one who wants to get rid of NUKE. Well I told him like I have been telling you, that we can't get rid Nuke no matter what the Russians want.

Yesterday was 46 yrs since D-Day and I didn't trust the Russians then and I don't now. You might remember Pearl Harbor We trusted the Japs. and a school friend of mine was killed by the Japs with a bomb that said "Singer Sewing Mach. Philda Pa. on it,

Also we want to give them food and we have enough-starving people right here in N.J. Since Bush has become Pres. Food Stamps have be cut. He wants to cut Medicare + S.S. but he wants to send food to the Commies.

He had enlisted men + the poor killed in Panama and when he was in the Air Force he left the enlisted men die while he bailed out. I am not for the Dems either with a Gov. that kills babies and lets the scum - bag druggies alone, like our Mayor Dix does.

Thank You for answering my call.
