C-Span

BLACK WEDNESDAY - UK
Re Withdrawal of POUND

Thank you, thank you! C-Span
is a wonderful service to Americans
which can give them a feel
for other forms of politics in
our SMALL World - Exposure to
British methods of conducting
matters of state!

They certainly are a rowdy
bunch compared to U.S! Canada's
Parliament is somewhat similar
(I get CBC & ATV 9pm + 11pm)
but Canada is facing "separation"
by Quebec so they will have
a vote on October 26th

American elections Campaigns
for ETERNITY! ENGLAND
and CANADA have a vote in
the Chambers. A NO CONFIDENCE
vote - the Parliament and in
FIVE WEEK ELECTIONS

ARE GONE by AND the GOVT
is established!

CANADA TV grants FREE
TV for POLITICS something about
equal time.

Just a few comments for
your appraisal!

But I'm intrigued
with C-Span. The DEBATE
tonight Oct 16th was much
better greater decorum

By the North American
treaty is not official.
The Prime Minister of Canada
has not had the approval of
Parliament. THAT WAS A
"Photo OP."

If Canada is SO important
why don't they feature the
VALUE of the Canadian Dollar

Just thoughts?
God bless your endeavor!
