

Bartlesville, Okla.

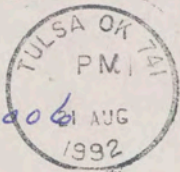

Aug 21, 1992

Dear C-Span,

We appreciate the coverage of the political conventions on C-Span. We felt like we were there, and part of the process. We are 73 years and might not be around for another presidential election, thus we are grateful to you for letting us see and hear everything without interruption. And — for considering your viewers intelligent enough to understand the speeches without an interpreter.

Thank you.
