

Thank you C Span  
Appreciate the coverage of  
C Span on this war and  
your other coverage.

We were dragged into a  
war in which we weren't  
attacked, and sent an army  
into a war where they are  
forced to act as mercenaries.

Geo Bush should have  
waited for an embargo to  
work.

We were put in this mess  
because of the military  
industrial complex, the  
Israeli lobby and it should  
be uncovered.

considering how ~~we~~ got into  
it we should be able to  
hear the truth.

Peter Arnett should  
be able to show us  
what's going on.

Sincerely
