Dear Mr. Lamb

I would like to thank you on behalf of the group that you allowed to participate in the audience during your T.V. program on Wednesday, February 24. It was very informational and I learned abt about the topic as well as how a C-SPAN television program is produced.

The speakers were very smart and educated in the topic presented to them. I know there was some disagreement but that made the discussion even more interesting.

I will enjoy watching myself on T.V tonight and to see the final product of your show. I hope you can and will allow more Close-Up participants on your show. I enjoyed going and am sure they would too. Once again Thanks, abt.

Sincerely
