Dear Sirs:

Tuesday evening, December 21st I wateched the segment of the David (Brock) or (Block) program concerning his article for the American Spectator Magazine.

Fair political debate is a needed format, but a program of gutter politics with only allegations is a new low. My interest in watching C-Span went to zero as the program continued. It was gutter politics at its worst.

The news media in search for sensationalism is destroying the public faith in the press. That program eliminated C-Span in our home. This was another big step in helping the press lose its credibility.

Sincerely,
