Dear David Keen

In your interview with David Dimbleby Sr anchor for B.B.C. not once did you ask some hard questions. for instance why did he go along with the British Government when it imposed censorship on the B.B.C.?

Why did he not protest to the British Government when they removed the ability to remain silent in court?

Why did he not protest the non jury trials in Northern Ireland imposed by the British Government?

Why are political parties representing 30% of Catholics in Northern Ireland prohibited by law to speak on

British State Radio and Television?

also, why did you not press Mr Dimbleby about the documented record of British Human Rights abuse (UN sub committee report)?

And last, but not least, you did

not ask about the death Squads  
U D A - a British loyalist killing  
organization and Red Hand  
Commandos, the most vicious  
of the British unofficial killing  
organization?

Why not balance your program  
and interview Mrs B. McAliskey  
former M.P. who is not a  
member of any political party

Thank You
