Dear Bryan

On Monday, about 10 A.M., Oct 30, you had the Editor of the Iowa Newspaper, a Mr. Pyerson. When asked about a statement concerning calls to him about callers who called Miss Piper and told him "stop telling lies in your paper about the cuts in children's lunch programs" and then hung up. His reply was that he didn't hear the Rush Limbaugh radio show but was told by people he called.

Callers then called your show and called him a liar and said Rush didn't say it or urge them to call. Not only did Rush say it but kept it up for most of the 3 hours of his show. He told his listeners and callers to do exactly that as he said the Democrats were lying about cuts as they were increasing the Program of Juries and keep calling the Editor until they stopped printing what he called lies. I believe Mr. Pyerson deserves an apology.

By the way, Rush told his radio
audience ~~that~~: next day when he
repeated his urging for them to call the
Papers that he did the same as his
T.V. show. I don't watch his T.V. show
but I would under oath repeat I heard
him on his radio shows.. No way
could he deny this because its true

Sincerely

Montclair, NJ 07042
