Dear C-Span Members,

I just finished listening to a one hour program, by You, with Ted Galen Carpenter from Cato Institute. Let me first introduce myself:- I was honoured to be asked by the Canadian Government to be their Chaplain at the Embarkment Depo for the Canadian & British forces leaving for Over-Seas Services; at that post I served five years and four months, in the Canadian Army during World War II. I have served Christian Churches in both the United States and Canada for a total of some sixty years. God has given me the opportunity of sitting under some of the World's best Hebrew and Greek Scholars. I'm enclosing a small chart by Dr. Kenneth Wuest, famous in Greek for His Biblical Knowledge.

Now, in the light of my personal experiences and knowledge Ted Galen Carpenter didn't have the least "I guess so" about what he was saying about the conditions in the Persian Gulf. I know nothing about His back ground, but He surely told me He is totall ignorant of what our Bible has to say about the times in which we are now living, and the Demon possession of some dictators already in our world; they are already preparing our world for the coming of the Antichrist. Ted would have us lie down and let these dictators roll right over us; I thank God we have a man with the brains and guts of Pres. George Bush, who with his wisdom knows more about our times, than Ted's warped little mind would ever be able to understand.

Very sincerely stated,
