Dear Sir,

During my recent visit to the USA, I had the pleasure of viewing your program for the first time and was greatly impressed with what I saw and heard, from the point of view of its possible implementation in Guyana.

Would you kindly let me know what would be the basis for utilising these programs in Guyana, now or in the future, especially with a change of government.

I would be grateful to receive a copy of a transcript or tape of the program "US Campaign Management".

Yours Sincerely
[REDACTED]
