

October 19, 1992

Dear Editor:

I wish to commend C-Span for its recent program on Northern Ireland. In this era of mindless journalism, your programming is quite refreshing, and your look at the Troubles in the North was excellent. Also to be commended are your Vietnamese segments. It is to your credit that you explore forgotten yet vitally important world issues in such fine fashion.

Thank you,

ASTD #82500
