Dear Mr. Lamb,

Being senior, retired citizens (and Republicans) we thoroughly enjoy the correspondent's roundtable every Friday morning. Being in California and serviced by AT&T, we have never been able to get our call through.

Therefore, let me express a concern we both have. Liberal press quests.

I know there is no one in the cable television industry who is more fair in their coverage than C-Span. We lobbied very hard to get our cable company to include C-Span. We are now working just as hard to receive C-Span II.

However, to the point. President George Bush is the most honorable of men, and devoted his adult life to the betterment of our Country. William Jefferson Clinton is an acknowledged draft dodger and manipulator to accomplish his own goals.

This is a free, two party democratic Country of which I am very proud. I am not proud of Clinton and wish you would quit glorifying him. (over)

Our very best wishes to you and your marvelous staff. May you all enjoy a happy and prosperous Christmas and New Year.

With best personal regards.
