

O. Serbian
News

April 11, 1999

Dear C-Span,

The last two days I tried to find the "Serbian News". It was a very disappointed feeling, because that program was the only other side we can find on T.V.

C-Span is the only information I look to, I will not watch any other programs ^(news) on T.V., they are covering up for the greatest blunder this President committed.

I am shocked at what has happened.

If this President ordered the removal of the Kosovo Liberation Army (Marxist Terrorist Organization), there would be no bombs, refugees and chaos in that area. Why didn't he follow that path?

What this president's NATO Countries are doing is destabilizing the region in order to destroy the legitimate government of Yugoslavia.

I am an Italian American with a lot of questions!

Why didn't he order Ireland bombed?

With all the bombing the I.R.A. caused in
England? Why didn't we interfere with that
Civil war? Or other hot spots?

Please the American people are very
disgusted with the News Media.

If I may suggest that your program
begin with the news of the day.

Thank You
