C. Spaw / Brian Lamb,

12/3/93

Today "Journalist Round Table" on C-Spaw.
For the "up tenth" time you had three more Liberal
journalists on your program -

1. Bill Walsh / Wash Post
2. Mary Larson / Nat. Pub. Radio
3. Ken Walsh / U.S. News & World Report

You may also add the C-Spaw host Steven
Scully who rudely would intercept all callers
who said anything negative as to the people in
the white house. He probably would were the old
not said "we have to get more callers on the program."
What he means is more "Liberal" callers.

But getting back to the three reporters this is both -
No matter what issue came up by the caller each
one protected Pres. Clinton. The worst was Ken
Walsh. This man has no right said & should not
be on C-Spaw.

Even the issue on Rudy Limbaugh on Military
radio broadcast was covered up by this group.
C-Spaw is the only media that at least tried to be
unbiased except not course, Fri A.M. journalist
round table. Make these people reveal their political
party choice & who they voted for in the last Pres.
election or do not allow them on your program.

Wake up C-Spaw or you will lose your cred-
ibility -

Very Sincerely,
