Attention: News Department

I am very annoyed at the continued media coverage of Bush and Clinton, but the deliberate refusal to give coverage to the most deserving candidate, James "Bo" Gritz. Our country has reached a turning point and it's time to elect our first honest President in many decades.

I demand that you start giving equal media coverage to "Bo" and let the people hear his message of courage and "TRUTH" and the evil behind Bush and the "New World Order".

I Hope You Have the GUTS!
